### WEED FROM TODD.

Considerable Tobacco From That County Sold Here.

Loose Sales This Week Largely Attended and Farmers Well Pleased.

The loose sales on the floor by Woodridge & Co., this week, embraced considerable Todd county tobacco, and while there was no fine leaf offered, prices on common grades were very satisfactory. There was a large attendance of farmers both Tuesday and Thursday and all were well pleased with their sales. The deliveries of the loose weed on the local market have been heavier this week than for several weeks past, the weather enabling the farmers to handle their crops.

There were some sales on the breaks also and this line of the tobacco business is improving. Cash receipts for the week 425 hhds. Receipts for the year amount to 1200 hhds. There have been 116 hogheads sold during the new tobacco year.

### JOHN D. ELLIOTT'S WILL.

Testator Leaves Whole Estate to His Widow.

Owensboro, Ky., Jan. 20.—The will of John D. Elliott, the wealthy tobaccoist, who died several weeks ago, was admitted to probate in the County Court. The instrument is typewritten and contains but three small paragraphs. The testator leaves the whole of his estate to his widow. At the time of his death, Mr. Elliott had insurance on his life to the amount of \$80,000. The whole of this was made payable to Mrs. Elliott and the biggest portion of it has already been paid. Shortly before his death Mr. Elliott made application for two policies had been examined at the main office of the insurance company and were favorably acted upon and policies issued. They were sent to Louisville agent of the company for delivery. Mr. Elliott was fatally stricken. At that time friends of the family made an effort to secure the policies, but the insurance agents declined to surrender them. It is said that an effort will be made to collect the face value of the policies—\$50,000—and that if payment is refused the courts will be resorted to.

# MAN-EATERS

It is said that the little pitcher plant of our own country, which satisfies its flesh-craving appetite with insects, grows to enormous proportions in some tropical climates and feeds upon men. Travelers have told strange and terrifying stories of this freak of flower stories in which some wanderer groping his way at night, per chance, is caught on the thorns of the hungry plant and devoured, the shreds of clothes still clinging to the thorns, being the only clue to the man's unhappy end.

The man-eating plant may be a myth, but even if it be a reality its perils are rare and insignificant compared with the dangers to which we are exposed in our own country from an insatiable man-eating microbe. Thousands and tens of thousands are destroyed by this microbe every year, and so fatal is its attack that in a great many cases resistance is looked upon as useless. When this microbe attacks the body the flesh is slowly consumed, and this slow consuming gives its name to the disease it indolence—Consumption. In view of the peril of pulmonary disease and the prevalent feeling of the hopelessness of finding a cure for diseased lungs, there are two great facts that are worth remembering. The first fact is this: About twenty-five per cent. of men and women dying in hospitals have the lungs marked by the scars of tuberculosis. They have all had consumption, and have overcome it. They have had consumption and been cured. In those scars that mark the healed wounds in the lung tissue, Nature affirms, consumption has been cured.

The second important fact to remember in connection with the prevalence of consumption is this: Dr. Pierce's Golden Medical Discovery cures obstinate coughs, bronchitis, weak lungs and other forms of diseases, which if neglected or unskillfully treated find a fatal termination in consumption. It is admitted that in the present stage of medical science consumption in its extreme stages is incurable. But what is the extreme and incurable stage? In a letter which follows it is said that the physicians pronounced the writer in the last stage of consumption. But "Golden Medical Discovery" cured her.

"I would like to express my gratitude to you for the benefit I have received from your wonderful medicine," writes Mrs. Harriet Martin, of Peilo, Boone Co., Ark. "For seven years I suffered with a complication of diseases, including heart trouble, dyspepsia, catarrh of the stomach and female weakness. During that time I think I suffered all that human flesh could suffer. I was never without pains somewhere or other. Was just dragging around, part of the time in bed, and was unable to do anything at all. In the summer of 1898 I was obliged to go to bed. Had smothering spells and a great misery in the lower bowels and a very severe cough, was treated by three of the best doctors this country affords for twelve weeks. I could not sit up only as I was propped up in bed, or I would cough and smother until I could not lie down. Finally, the doctor said I had consumption in the last stage—and that I was bound to die. No one that saw me said I would ever get well, nor I gave up in despair. My husband persuaded me to try Dr. Pierce's medicine, so he bought me a bottle of Dr. Pierce's Golden Medical Discovery. I could tell my cough was better after a few doses. I continued his medicine until I was able to sit up. I had 'Golden Medical Discovery' and 'Favorite Prescription.' Now I do my own work for my family of four. I have had no bad spells since taking the medicine."

"The doctors said I had consumption in the last stage and was bound to die." The woman under that death sentence was revived and restored to life and its activities by the use of Dr. Pierce's Golden Medical Discovery. There are people who will say, "The doctors must have been wrong. They made a mistake. She could not have had consumption in the last stage." That may be true. Doctors do make mistakes. They surely made a mistake when they said Mrs. Martin was "bound to die." She did not die. "Golden Medical Discovery" cured her.

Doctors in their diagnosis of disease may be right or wrong, but this fact remains that men and women with deep-seated coughs, weak and bleeding lungs, night-sweats and emaciation have been perfectly and permanently cured by the use of Dr. Pierce's Golden Medical Discovery.

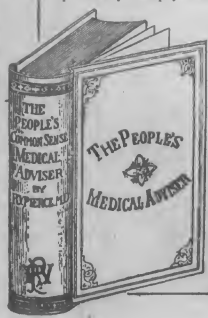

If you are troubled with a cough don't neglect it. Cure it by the use of "Golden Medical Discovery." If your lungs are weak and there is a tendency to lung "trouble," "Golden Medical Discovery" makes weak lungs strong. No matter what stage of disease you may have reached "Golden Medical Discovery" is worth a trial because it has cured so many so-called hopeless cases, and relieved so many sufferers from lung diseases who had been given up to die by local physicians.

Those who suffer from chronic diseases are invited to consult Dr. Pierce, by letter, free. All correspondence is strictly private. Address Dr. R. V. Pierce, Buffalo, N. Y. Don't be fooled into trading a substance for a shadow. Any substitute offered as "just as good" as "Golden Medical Discovery" is a shadow of that medicine. There are cures behind every claim for the "Discovery," which no "just as good" medicine can show.

An Attack of Pneumonia Warded Off.

"Some time ago my daughter caught a severe cold. She complained of pains in her chest and had a bad cough. I gave her Chamberlain's Cough Remedy according to directions and in two days she was well and able to go to school. I have used this remedy in my family for the past seven years and had no reason to know it to fail, says James Prendergast, merchant, Annapolis Bay, Jamaica, West India Islands. The pains in the chest indicated an approaching attack of pneumonia, which in this instance was undoubtedly warded off by Chamberlain's Cough Remedy. It counteracts any tendency of a cold toward pneumonia. For sale by C. K. Wyly.

## The State Primary Contest.

If the report is correct of the reasons given by Judge Cantrill for his order dissolving the injunction granted by Judge Polsgrove, of Franklin county, in the suit of Meacham against the Democratic committee, we do not well see how any one can have such standing in court as would permit the issuance of an injunction at his petition. The reports do not indicate that Judge Cantrill decided that the committee was the governing authority of the party, or that under party law that committee or both committees together had the power or right to order a primary; but only that the plaintiff had no such interest, personal, as a member of the committee, as a citizen of the state or as a Democrat as gave him any right to sue such an action and ask for such an injunction. We are not prepared to say that this decision is not good law, but it naturally causes the inquiry, of Mr. Meacham has no standing in court who has? Mr. Meacham is a member of the committee; he is a member of the Democratic party; he is a citizen. If in none of these relations he has such an interest, pecuniary, political and otherwise as entitled him to sue, who is in any better attitude than Mr. Meacham, unless the courts will hold that every aspirant has a right to ask of the court either a mandamus or an injunction compelling the committee to call a convention or preventing the committee from calling a primary, and this would be rather a peculiar attitude.

When this primary was first called our readers may remember that the Herald asked the question, "even if this committee has no power how is its action to be prevented?" If it has not the power the question may arise upon the demand of the committee or a successful nominee at the primary upon the secretary of state or county clerk to have his name put upon the ballot. It may arise by Mr. Meacham and others calling a convention and then demanding that the nominees of that convention be placed upon the official ballot under the party devices selected by the convention.

It is reported that Mr. Meacham will pray an appeal, which will be filed at once, and that his lawyers will ask that this appeal be docketed and its hearing advanced, so that the question may be decided at the earliest possible moment; but if the court of appeals affirms the decision of Judge Cantrill and for that reason alone, to-wit: That Mr. Meacham had no right to institute the action and has no standing in court, it leaves unsettled all the really serious questions which have been discussed. We hope if the court of appeals can properly do so it will decide (1) who is the governing authority of the Democratic party when conventions are not in session; (2) whether under the party law this committee or both committees together have the right to call a primary; (3) whether in the absence of express authority the statutes of Kentucky authorizing the governing authority of the party to call a primary clothes either or both of these committees with that authority.—Lexington Herald.

## BANKRUPT

L. & N. Conductor Files His Petition.

Owensboro, Ky., Jan. 17.—Peter Fogle, of Hopkinsville, filed a petition in bankruptcy in the Federal court yesterday. His indebtedness is given at \$856.90. His assets are listed at \$180, consisting of household furniture and a watch, all of which he claims is exempted. His creditors number forty-one, nearly all of whom are merchants living in all parts of Kentucky. His principal creditor is John W. Logsdon, superintendent of the St. Louis division of the L. & N., to whom he owes \$115 borrowed money. Fogle is a conductor on the L. & N. railroad running from Earlington to Nashville. This is the third petition in bankruptcy filed here by L. & N. employees within the past ten days.

Sixty-five girls employed in the envelope factory of Samuel Cupples & Co., St. Louis, went on a strike because an order was issued prohibiting the chewing of gum during work hours. The girls refused to do without taffy.

## MONDAY

The traditional wash-day tests a woman's strength to the full. Her back is bent continually over the washboard. She lifts and carries all day long. Frequently she leaves the steaming laundry to rush into a draught of air and incur the danger of a severe cold. What must a woman endure who does these things when she is suffering from womanly diseases? Every movement must be painful to her and aggravate her condition.

Forty-nine women out of fifty who suffer from womanly diseases can be perfectly and permanently cured by the use of Dr. Pierce's Favorite Prescription. It establishes regularity, dries weakening drains, heals inflammation and irritation and cures female weakness.

"In the year 1899 I was taken sick," writes Mrs. Edna Crowder of Ripley, Lauderdale Co., Tenn. "My limbs ached, had severe pains in back and lower part of bowels. I tried many kinds of medicine and four of the best doctors in the country, until I gave up all hope of recovery. In January 1901 I wrote to Dr. R. V. Pierce, of Buffalo, N. Y., and received from him a letter telling me to try his medicine. I took eleven bottles, six of Favorite Prescription, five of Golden Medical Discovery, one of 'Lotion Tablets' and one of 'Healing Suppositories,' and am now able to work at anything I want to. Thanks to you for your valuable medicine and kind advice."

Keep the bowels healthy by the timely use of Dr. Pierce's Pellets. They cure constipation and its many consequences.

## BUSH FOR JUDGE.

Christian county is to have a candidate for circuit judge who will enter the contest with an undivided support at home. The retirement of Mr. Jas. B. Allenworth from the race on Tuesday, has caused Judge Chas. H. Bush to reconsider his previous decision not to run, based on the prospect of a divided county. His formal announcement appears by authority in today's paper. It has been nearly forty years since Christian county furnished the district a circuit judge, although it is by far the largest county in the district and court is held here four months of every year. Judge Bush is a native of Christian county and his position at the head of the Hopkinsville bar has been won solely on his merits as an able and successful lawyer. He is recognized all over the district as first-class judicial timber and his friends feel confident that his popularity at home and abroad will make him an easy winner. He is opposed by two worthy gentlemen, Judge Thomas Cook, of Callaway, and Mr. Jas. H. Coleman, of the same county, with Christian practically solid for Bush and the vote divided in the other end of the district, the Hopkinsville candidate seems to hold a most encouraging position in the race.

The Court of Appeals has refused rehearings in the Powers and Howard cases. If the reports about Youtsey's confession are true, Powers and Howard will likely have cause to regret that they ever appealed their cases. The third time is generally the charm and after all there may be need for a gallow.

The obstructive methods of the defense have prevailed and the Court of Appeals has refused to advance the primary election in junction case. Afraid to risk a decision, they prefer to leave the matter tied up until after the meeting at Phillips in May.

The Kentucky Press Association will hold its mid-winter meeting at Louisville Jan. 27th, the object being to discuss practical questions pertaining to the newspaper business. The meeting will be held at Seelbach's Hotel.

## \$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer one Hundred Dollars for any case that it fails to cure. Sent for list of testimonials. Address:

## A LIE NAILED.

The Elk Times has for some time past shown a persistent inclination to not only misrepresent facts in regard to the editor of the Kentuckian, but is disposed to go out of the way to display more or less venom. In its latest issue the Times reprints a column of vituperation from the Lexington Democrat, with its editorial approval and follows it up with charges of disloyalty to the party on the part of Mr. Meacham, because he has dared to oppose and expose crime among pets of the Beckham administration. It is the settled policy of this paper to keep out of controversies with other papers; but in order that the public may know the methods that are being resorted to by the papers controlled by the Frankfort machine, we reproduce a portion of the Democrat's collection of false statements:

"The attitude of Mr. Meacham in this fight on the committee in which he holds membership, is plain to all who have watched his course since Gov. Beckham succeeded the late lamented William Goebel. He presumed at that time that his position in the councils of the party entitled him to absolute control of the only state institution located in his section of Kentucky, the Western Asylum for the insane. He started in with the idea that he was in possession of things there just as much so as did others of his class who are not located so far away from the seat of government they would control under the new regime. Just as it dawned on these political hangers-on, it dawned on Meacham a short time after Gov. Beckham took his seat in the executive chair that he had miscalculated somewhere. He discovered that the new governor was not a 'dummy' and that he was to be dictated to by any more than would William Goebel had he not been carried away by an assassin's bullet. Finding this out, he was willing to make terms, but the governor, as in the case of all the others seeking to act for him, wanted none of him in the administration of the government, and dismissed him. His conduct in the months that followed showed the extremes to which he was willing to go to even things up, an instance of it being the charge of 'crap shooting' preferred against the governor's agent sent to investigate the alleged immoral conduct of an official of the Western asylum who was his, Meacham's friend."

It would be difficult to collect more falsehoods into the same amount of space. Not one of the charges contains an atom of truth.

Mr. Meacham has never at any time attempted to control the affairs of the Western asylum. On the other hand, he voluntarily resigned the Presidency of the Board of Commissioners ten years ago and has not visited the asylum five times since.

When Mr. Beckham became governor—and he owed his nomination to the 16 votes of Christian county—Mr. Meacham embarrassed him with no demands for office. He made but one recommendation for any place and that was of a man who held Gov. Goebel's personal promise and was endorsed by every member of the Democratic State Executive Committee, excepting one who was absent and not seen. The committee was the same now in office, with one or two exceptions. The circumstances under which Gov. Goebel's promise was given were explained to Gov. Beckham, with the statement that Mr. Meacham would make no other recommendation for office and he has never done so to this day. The applicant endorsed was Dr. D. E. Bell, of Christian county, for superintendent or first assistant physician. In the spring of 1900 Gov. Beckham sent for Mr. Meacham and voluntarily told him that while he could not appoint Dr. Bell superintendent he would appoint him first assistant. Dr. Bell was sent for and agreed to accept that place and the Governor assigned him to Mr. Meacham's presence that the appointment would be made. Dr. J.

D. Clardy, who also endorsed Dr. Bell, was given the same appointment. The Governor at that time and later the same day pledged his word to Mr. Meacham that he would do all he had promised in regard to Dr. Bell and might possibly do better." Gov. Beckham's Secretary, Mr. Ed. O. Leigh, bore the Governor's messages and has personal knowledge of these facts, and also of the fact that Mr. Meacham made no other recommendations for office for any one.

The Governor had promised to make the appointment within ten days, saying that he would give the candidate subsequently appointed first assistant the place of second assistant.

The appointment was not made and it soon became known that the Governor had deceived Mr. Meacham for the purpose of influencing his vote in the committee meeting held soon afterwaras, and that he had no intention of keeping his word solemnly pledged in the presence of witnesses. This is the whole truth in regard to asylum patronage and any statement to the contrary is a lie pure and simple, no matter from what source it emanates.

Truth is a virtue that is greatly respected and a pledge of honor is regarded as a solemn compact between gentlemen. After his experience with Gov. Beckham, Mr. Meacham preferred to give his support to Judge Black in the campaign that followed.

When the nomination was made, Mr. Meacham supported the nominee and when Gov. Beckham visited his town introduced him to the audience, although he has never yet vouchsafed an explanation of the deception practiced, nor offered an apology for the breach of faith.

A year later certain men of bad character appointed to office in the Western Asylum and to other positions of honor and trust in the county, began to cause scandals by making the asylum a rendezvous for lawbreakers, a good many of whom were finally indicted and punished. As a good citizen, Mr. Meacham could do nothing less than condemn the retention in office of corrupt and immoral men. The guilty officials were not endorsed by him and the Democrat's article needs no better evidence of its untruth than the statements that the Governor "dismissed him" and then appointed "an official who was his friend." As a matter of fact, the Kentuckian, in common with the decent press of Kentucky, demanded that every guilty man be turned out and proper men be put in office. He made no recommendations for the office and preferred no charges against the Governor's crap-shooting friends, who dare not even now deny that only a part of the guilty ones were indicted. We have departed from our usual custom to offer this explanation, since the Democrat has evidently obtained its information from some campaign liar.

MRS. V. E. ELLIOTT,  
Hopkinsville, Ky.

The Editor of the Kentuckian made a visit, partly on business and partly for pleasure, to Mississippi last week. A part of the time was spent at the stirring little city of Grenada, as the guest of an editorial friend, Mr. J. W. Buchanan.

The towns of Mississippi are wonderfully prosperous, the banks in Grenada and other cities showing such a healthy state of affairs that stock sells at from \$1.25 to \$1.75 and the dividends in some cases are as high as 40 per cent per annum. The country people are not so prosperous. Depending upon one crop only, they do not find cotton planting a ready road to wealth. What the South needs above all things is a healthy immigration of farmers who know how to raise other crops besides cotton. The soil of Mississippi can be made to produce well in hay, peas, fruits, vegetables, potatoes, &c. Stock raising of all kinds seems to be neglected, especially thoroughbred stock. When the Southern people learn the advantages of diversified crops, Kentucky, Mississippi and other states will show the same prosperity in farming operations that characterizes states possessing no superior natural advantages, in other parts of the country. The people of Mississippi are typical Southerners, noted for their hospitality to strangers, and we met many of them and received a cordial welcome in more than one home.

The death of Editor N. G. Gonzales, of the Columbia State, places Lieut. Gov. Jas. H. Tillman in a position where he will be fortunate to escape with his life. He waited too long to resent the write-up he got. It now remains to be seen how South Carolina will handle assassination.

## THE FIDDLE AND THE BOW

Ex-Gov. Bob Taylor to Lecture Here Feb. 2.

One of the most welcome announcements that could be made to the people of Hopkinsville is that Ex-Gov. Bob Taylor, of Tennessee, on the night of Monday, Feb. 2, will be heard at Holland's Opera House in his beautiful, his inimitable and perennial lecture, "The Fiddle and the Bow."

Few men are better known, none more loved and admired than this gifted Tennesseean, who, by his genius, magnetic nature, his eloquence, his culture and manly impressiveness, has charmed thousands and made a conquest of the heart of his audience wherever he is known and has been heard. He has created a place for himself as a speaker which others may emulate, but none can achieve.

The truth and good of nature, the beauty of life, the cleanliness and nobility of thought, all are his. He paints a picture of the glad sun and light and makes it tender and more appealing with the dewdrops of pathos. His words are real and human, finding their way straight to every heart and making better the life which they enter.

It is safe to predict that ex-Gov. Taylor's lecture will be one of the brightest features of the entire season here.

Waverly, Texas, writes: "Of a morning, when first rising, I often find a troublesome collection of phlegm, which produces a cough and is very hard to dislodge; but a small quantity of Ballard's Honey Syrup will at once dislodge it, and the trouble is over. I know of no medicines that equal it, and it is so pleasant to take. I can most cordially recommend it to all persons, needing a medicine for throat or lung troubles. Price 25c, 50c, \$1.00 bottle at R. C. Hardwick's."

## AIDEN BENEDICT'S

Production, "Wormwood" Will be Presented Here Jan. 30.

"Wormwood, or The Absinthe Drinkers of Paris" will be presented at Holland's Opera House on Friday, Jan. 30. Its incidents are based upon the terrible cure of absinthe, a pernicious evil which is spreading rapidly over the entire European continent, but through out America as well. Working up on this theme, Marie Corelli wrote one of the greatest works of the nineteenth century, a book of great dramatic strength and of greater poetic charm. Utilizing the material, Chas. W. Chase, the dramatist, has written a drama of such intensity, purity of thought, beauty of sentiment and general excellence throughout, that many who have seen it say that like Corelli's book, the play will live forever. Few who have read the book will miss the opportunity of witnessing Corelli's wonderful character studies, endowed with life and moving and talking before them. Mr. Aiden Benedict, who has purchased the sole rights to this play, has provided a strong and capable company, beautiful scenery and many electric effects and illusions and promises us one of the best entertainments we have witnessed in many years.

Mr. Johanna Soderholm, of Peruga Falls, Minn., fell and dislocated her shoulder. She had a surgeon get it back in place as soon as possible, but it was quite sore and pained her very much. Her son mentioned that he had seen Chamberlain's Pain Balm advertised for rheumatism and soreness, and she asked him to buy her a bottle of it which he did. It quickly relieved her and enabled her to sleep which she had not done for several days. The son was so much pleased with the relief it gave his mother that he has since recommended it to many others. For sale by C. K. Wyly, druggist.

## MR. C. H. BUSH

Announces His Candidacy for Circuit Judge.

He Pledges that if Elected He Will Discharge the Duties of Office Without Fear or Favor.

Hopkinsville, Ky., Jan. 22, 1903. To the voters of the Third Judicial District:

The most of you will perhaps recall that something over a month ago I published a card declining to make the race for Circuit Judge in this Judicial District.

As I then stated, I was induced to take this step, because of sickness in my family, which threatened to prevent my making the canvass which existing complications in Christian county would necessitate.

Hon. J. B. Allenworth, a worthy citizen of this county and a reputable lawyer, had for some weeks been a candidate, engaged in the active prosecution of his canvass; and I was so situated at the time that my duty was to be at home. Hence I declined, under the circumstances to run.

Since then, however, circumstances have changed, Mr. Allenworth has withdrawn from the contest and Christian county has no candidate for the position, nor has the Democracy of this county had a representative on the bench for nearly forty years.

I have never been ambitious for political preferment and have never been a candidate for office; but for more than a quarter of a century I have been content to work and vote for other Democrats. But since my original decision was reached not to stand for office, I have received such assurances of cordial support from this and other counties, both by letter and in person, and have been urged to make the race by so many of my friends, and believing that I am qualified to perform the duties of the office, I have yielded to the solicitation of my friends and now announce myself a candidate for the office of Circuit Judge, subject to the action of the Democratic primary election to be held in this Judicial District on the 9th day of May, 1903.

I do not know who my competitors will be, as there have been no formal announcements, but I am assured that I will have no opponents in this county, and it will be very pleasant to have any in the district. But be that as it may, inasmuch as I have never asked your support for office before, I think I can reasonably ask your favorable consideration in this race.

I now appeal to the Democrats of this district for its solid support, hereby pledging them that if nominated I am confident I will be elected in November and will faithfully discharge the duties of the office without fear or favor and with the utmost impartiality. I expect to make an active canvass and see as many of you as I can before the primary and at all events, I trust you will attend the election at your respective voting places on the 9th of May next and vote for me.

Very Respectfully, C. H. BUSH.

## QUITS THE RACE.

Mr. Jas. B. Allenworth No Longer a Candidate For Judge.

To the Democrats of the Third Judicial district of Kentucky.

Fellow Democrats: Sometime ago at the solicitations of numerous petitioners and personal appeals from my friends, I tacitly agreed to make the race for the nomination of judge of the Third Judicial district. Since that time the many assurances of assistance from the Democrats all over the district, and especially Christian county, have been very encouraging and gratifying to me.

However, I find that my professional duties and my obligations to those dependent upon me are such that I feel called upon to withdraw from the contest.

In doing so I desire to thank sincerely extend my thanks and lasting gratitude for the most generous support that has been offered me, especially from my home county and friends among whom I have

No matter what the future may have in store for me I shall always remember the support that I have

Don't Worry.

Extensive Additions.

Contracts have been let for extensive additions to the Kentucky Institution for the Deaf at Danville.

A short time ago, by request, Uncle Isaac came to Waco and sat for his picture. In his hand he held a stick cut from the grave of General Andrew Jackson, which has been carried by him ever since. Mr. Brock is a dignified old gentleman, showing few signs of decrepitude. His family Bible is still preserved, and it shows that the date of his birth was written 114 years ago.

Surely a few words from this remarkable old gentleman, who has had 114 years of experience to draw from, would be interesting as well as profitable.

A lengthy biographical sketch is given of this remarkable old man in the Waco Times-Herald, December 4, 1898. A still more interesting biography of this, the oldest living man, illustrated with a double column portrait, was given the readers of the Dallas Morning News, dated December 11, 1898, and also the Chicago-Times Herald of same date.

This centenarian is an ardent friend of Peruna, having used it many years.

In speaking of his good health and extreme old age, Mr. Brock says:

"After a man has lived in the world as long as I have, he ought to have found out a great many things by experience. I think I have done so."

"One of the things I have found out to my entire satisfaction is the proper thing for ailments that are due directly to the effects of the climate. For 114 years I have withstood the changeable climate of the United States."

"I have always been a very healthy man, but of course subject to the little ailments which are due to sudden changes in the climate and temperature. During my long life I have known a great many remedies for coughs, colds and diarrhoea."

"As for Dr. Hartman's remedy Peruna, I have found it to be the best, if not the only, reliable remedy for these ailments. It has been my standby for many years, and I attribute my good health and extreme old age to this remedy."

"It exactly meets all my requirements. It protects me from the evil effects of sudden changes; it keeps me in good appetite; it gives me strength; it keeps my blood in good circulation. I have come to rely upon it almost entirely for the many little things for which I need medicine."

"When epidemics of la grippe first began to make their appearance in this country I was a sufferer from this disease."

"I had several long sleazes with the grip. At first I did not know that Peruna was a remedy for this disease. When I heard that la grippe was epidemic catarrh, I tried Peruna for la grippe and found it to be just the thing."

HOW LEGENDS GROW.

Origin of Song Wrapped in Mystery  
While Another Lives.

It is a curious coincidence, says the  
New York Post, that the real author  
of "Listen to the Mocking Bird"  
should have died while there was run-  
ning at one of our theaters a light op-  
era constructed around an imaginary  
romantic story of the composition of  
that very song. The librettist, in this  
case, had expressly disclaimed any at-  
tempt at historical accuracy in the  
construction of the piece, but he was  
doubtless surprised to have sup-  
posedly authentic anecdotes about the  
mocking-bird song appear on the  
heels of his piece of dramatic license.

The very fact that the authorship of  
the song was so completely forgotten  
during the lifetime of its author that  
sentimental legends could be woven  
about it as though it were a folk-song  
of immemorial antiquity, shows how  
quickly a composition of this kind  
loses its identity and is credited to  
the prolific "anon." The monument  
itself may be as enduring as brass, but  
the inscription is quickly rubbed off.

There is a moral in it, like Hamlet's  
speech about the great man's mem-  
ory. The account which is vouchsafed  
about it as the story of how Septimus  
Winner came to write the song, is  
quite as unusual as the fiction. It  
was in 1882. Mr. Winner, then 26  
years old, lived in Philadelphia. His  
opposite neighbor kept a mocking-  
bird in a cage, and the young man  
often listened to its singing. One  
evening he was surprised to hear a  
duet instead of the single silvery  
song. The voice of the bird, and he  
ran across the street to have a look.  
Sitting on the curb, listening with  
puckered lips to the bird's song and  
answering back in a clear whistle was  
a small little pickaninny. Winner  
found the boy could sing as well as  
whistle, and asked him to come to his  
house. The song was made or at least  
based on scraps of the negro boy's  
artless improvisation. It is recalled  
now that another of Winner's songs,  
"Give Us Back Our Old Command-  
er," a call for Gen. McClellan's return  
to the army of the Potomac, was one  
of the few which our government  
ever tried to suppress as treasonable.  
The composer was actually arrested,  
in fact, by Secretary Stanton's order.

Pains in the Stomach  
Like toothache, this is not a dan-  
gerous, but a decidedly unpleasant  
ailment. Persons who are subject  
to attacks of it will be pleased to  
know that prompt relief may be  
had by taking a dose or two of  
Chamberlain's Colic, Cholera and  
Diarrhoea Remedy. This remedy  
is equally valuable for children  
and when reduced with water and  
sweetened is pleasant to take. For  
sale by C. K. Wily, druggist.

Mountain, N. C., was destroyed by  
fire last night. Loss \$15,000. In-  
surance \$6,000.

Aching in the small of the back is  
an indication of Bright's Disease.  
The proper course in such cases is  
to take a few doses of Prickly Ash  
Bitters. It is an effective kidney  
remedy and bowel regulator. R. C.  
Hardwick, special agent.

Seven Dead.  
Seven dead as a result of the ex-  
plosion on the battleship Massachu-  
setts and the recovery of an-

## VOTING CONTEST.

Elegant Prize to be Given to the Most  
Popular Lady in Christian County.

to Be Determined by a Vote  
of Kentuckian Sub-  
scribers.

A VOTING contest was begun August 29, for six months, to determine by popular vote the most popular lady in Christian County. To the lady receiving the highest number of votes, we will present an elegant set of bedroom furniture, now on exhibition at Pyle & Barnett's. It is of quartered oak, of the finest make and latest style, and is worth \$110. The contest will close at 12 o'clock, Thursday, March 4th, 1903. The plan will be as follows: Every subscriber to the Kentuckian who pays back dues in advance will be entitled to cast one vote for each five cents paid. That is to say, a subscriber who pays \$2.00 will have 40 votes, one who pays \$1.00 will have 20 votes and so on. Any amount large or small. In every paper published there will be a coupon and these coupons when cut out and brought or sent to the office will represent each one vote. A subscriber who has the privilege of gathering up coupons clipped by friends from their papers and voting them one at a time, or by a hundred if preferred. One will also have the privilege of paying papers at the office at five cents each and voting the coupons cut from them.

The coupon ballots will be deposited in a ballot box (with two keys. One of these keys will be held by County Judge W. T. Fowler and the other by Mayor Jovett Henry. The box will be opened not oftener than once a week, all ballots then in it taken out, counted and certified to, sealed up in an envelope and placed in the ballot box. The envelope will contain a statement of the votes in it, so that its contents will not need to be counted again until the official count at the close of the contest. The last week of the contest the ballots may be deposited without showing them, so that the close of the contest may be secret and exciting to the end.

### GIANT PARIS STORE.

A Unique Credit Business—Little Payment Plan on Big Sale.

Two powerful searchlights can be seen from all quarters of Paris every night. One is that of the Eiffel tower and the other, which is almost as powerful, is that of Dufayel's store, one of the most interesting centers of French commerce, according to the Agricultural Record, both on account of its magnificent decoration and because of the system of business practiced there.

It is a credit system. For a small sum—generally the fifth of the whole price—anybody can purchase whatever household goods he may acquire and settle the balance by weekly installments varying from 30 cents to \$4. But it is not only to these facilities of payment that the Dufayel establishment owes its rapid success, but more especially because the customers are fully aware that they will not have to pay more in purchase on credit than if they paid ready money. This system of payment is appreciated, therefore, by both rich and poor, and more than 3,000,000 customers have placed orders with the firm. Three thousand clerks are employed in booking and sending off these orders, which amount to \$26,000,000 in the course of the year. In order to attract and retain this vast custom M. Dufayel has not hesitated to expend large sums, and has built on a large piece of land, measuring 38,000 square yards, an enormous store, 130 feet high, divided into floors, separated into courts, and decorated with a profusion of statues and paintings by great modern artists.

Is Often Made by the Wisest People.

It's a fatal mistake to neglect backache. Backache is the first symptom of kidney ills. Serious complications follow. Doan's Kidney Pills cure them promptly. Don't delay until too late. Until it becomes diabetes—Bright's disease.

Read what this gentleman says: Capt. D. W. Welsh, keeper of the Wood County Infirmary, Parkersburg, W. Va., says: "I had to go around trying to evade pain constantly, aware that a false step, jerk or twist would bring punishment, and I was afraid to handle anything for fear of a reminder in the shape of a twinge of pain. I trade at Dr. J. N. Murdoch's drug store on Third street, and have something in the drug line every time I come in. It was there I learned about Doan's Kidney Pills and I took a supply home with me and used them. My wife used them and my sister, Mrs. A. Amick, of No. 645 Seventh street, used them. They cured the three of us. I am here in the city every few days and can substantiate the remarks I have made."

For sale by all dealers. Price, 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S.

Remember the name—Doan's—and take no other.

Will be Tried Again.

The Court of Appeals overruled the motion for rehearing of the appeals in the Powers and Howard cases, and the accused will be tried again in the lower court.

HON. ROBERT C. BROWN.

One of the Most Prominent Men in Southwestern Illinois.

Robert C. Brown, of Sparta, Ill., has represented his district, the 48th, for six years and was recently notified of his coming appointment as clerk of the U. S. Court for the Southern District of Illinois. He was born in 1859, and has worked his way to the top simply by force of application, energy and good common sense. After working several years as a blacksmith, he studied law at night and was admitted to the bar in 1894. He is a prominent member of the Knights of Pythias, the Elks and Modern Woodmen. February 20, 1901, he writes as follows:

"Pepsin Syrup Co. Dear Sirs—From careful and varied experience I desire to add my testimony as to the merit of your Pepsin Syrup preparation. It is in many respects equal to the services of a dozen physicians. I have used it as a tonic after severe illness and as a strengthener for the stomach and digestive organs. In one case in particular it was of inestimable value in my household, and it is with pleasure that I testify as to its worth as a household remedy. Yours respectfully, R. C. Brown, Representative 48th Senatorial district, Sparta, Ill."

Dr. Caldwell's Syrup Pepsin and Herb Laxative Compound is sold by druggists in 50c and \$1.00 bottles.
